MY RESOURCE NETWORK

- Private Network only or show Preferred Providers plus the broader network of all providers
- Prioritize referrals to preferred provider partners
- Invite service providers to participate
- Private communications between you and your network partners
- Reduce duplication of effort and improve data quality
- Reports on network partner responsiveness, resource utilization, community needs
- Access to data for outcomes analysis
- Optionally add screenings or assessments to enable consistency for tracking to outcomes
- Participate in the My Resource Network Advisory Council, helping to define the future of My Resource Network
