

A top-down photograph of four diverse young adults (two men and two women) standing in a circle on a grey concrete floor. They are all leaning inward with their hands stacked on top of each other in the center, symbolizing teamwork and community. The image is framed by a large blue triangle pointing downwards from the top center.

MY RESOURCE NETWORK

CREATING HEALTHY COMMUNITIES

An online system designed for
front-line service providers
to send and receive
referrals in real time.

SERVICE PROVIDERS

Easily send and receive referrals

Get notified when new referrals come in
and when your referrals are accepted

Quick keyword search of accurate and current
community provider information

*Provide integrated care by connecting your clients
to diverse services and resources*

MY RESOURCE NETWORK

MAKE GOOD REFERRALS

Services that are close enough, meet qualifications and have capacity are offered for selection

MEET CLIENT NEEDS

Match client needs to services in other organizations, including aligning qualifications such as age, gender, veteran status, location and more

GET GOOD REFERRALS

Service providers maintain their service listings, including requirements and conditions; a single toggle turns capacity on or off at any time

SECURE

Securely transfers appropriate client information to receiving agency, tracking all activity within the client's record. Receiving agency gets a "good" referral, but can still accept or reject the new request with reason

CLOSE THE LOOP

Alerts, messages and reports all used to close the loop with referring organization, further options offered.

EASY REPORTS

Easy access to client status, activity and history reports

WORKFLOW MANAGEMENT

Tracks all referral activity with built-in workflow management sending reminders and alerts when actions are needed, allowing a referring or receiving agency to redirect a referral or take other actions

Build strong lasting connections with service providers throughout the community
